

My calm-down corner

When a big feeling comes, I can...

1

Stop

Stop and stand still. Hands down, feet still.

2

Breathe

Take three slow balloon breaths.

3

Say my feeling

I feel _____. A grown-up can help me find the word.

4

Pick a calm-down card

Hug my cuddly, count to 10, draw it, listen to music...

5

Try again

When I feel calm, I can go back and try again, or ask for help.

For grown-ups: a calm-down corner is a cozy place to settle, not a punishment. Stay close or nearby, keep your voice low, and talk about what happened once your child is calm. Keep the calm-down cards and a cuddly there.
